Introduction

Background to Jeanine B. Settlement Agreement

This report provides information on the progress of the Bureau of Milwaukee Child Welfare (BMCW) in meeting the requirements of the Jeanine B. Settlement Agreement.

In 1993 the American Civil Liberties Union Children's Rights Project (now Children's Rights, Inc.) filed suit in the Federal District Court for the Eastern District of Wisconsin on behalf of an estimated class of 5,000 children who were receiving child welfare services in Milwaukee County. The Milwaukee County Executive, the Director of the Milwaukee County Human Services Division, the Governor and the Secretary of the Department of Health and Social Services¹ were named as defendants.

The complaint was a broad-based challenge to the administration of the Milwaukee County child welfare system, stating that it failed in its obligation to provide adequate child welfare services to children and families. The complaint alleged that the State failed to adequately supervise and fund the Milwaukee County system.

In response to the lawsuit and to improve the safety and well-being of children, the state of Wisconsin assumed direct responsibility for administering and funding Milwaukee County child welfare effective January 1, 1998. The lawsuit subsequently continued only against the state defendants. In 2002, the parties reached a settlement of the litigation. The Settlement Agreement requires BMCW to achieve specific outcomes regarding the permanency, safety and well-being of Milwaukee County children in out-of-home care. Only one of the numerous outcomes required in the Settlement Agreement has not yet been accomplished.

Format of Report

This is the first semi-annual report for 2013. It includes outcomes of BMCW's performance from January 1 through June 30, 2013.

This report is divided into three sections. The first section describes the performance towards the **remaining enforceable provision**. The second section includes the status of **provisions that are no longer subject to enforcement**. These provisions are no longer enforced because BMCW was in compliance with the provisions for two consecutive six-month periods as stipulated in the terms of the Settlement Agreement. The third section includes the status of **non-enforceable process indicators and outcomes** inclusive of safety, well-being and permanency objectives included in the Settlement Agreement. This information was identified in previous reports as "monitoring items." Provisions that are no longer operative are excluded from this report. For example, Section I.B.5 of the Settlement Agreement is inoperative because the Subsidized Guardianship waiver was not obtained before January 1, 2003; thus the controlling requirement is I.B.4.

Data

Most of the data presented in this report were generated from the electronic Wisconsin Statewide Automated Child Welfare Information System (eWiSACWIS). To create a more streamlined document for the reader, the rounding of performance percentages (past and present) occurs in most instances.

¹ The Department was subsequently renamed the Department of Health and Family Services. Beginning in July 2008, responsibility for BMCW was transferred to the newly created Department of Children and Families.

Annual Performance of Remaining Enforceable Provision, CY 2003 – YTD 2013

§I.D.9 At least the following percentages of children in BMCW custody within the period shall have had three or fewer placements during the previous 36 calendar months of their current episode in BMCW custody. The number of placements will exclude time-limited respite care placements and returns to the same caregiver after an intervening placement during the same out of home care episode. Those children in BMCW custody through the Wraparound Milwaukee program shall be excluded from this calculation. Initial assessment center placements also will be excluded from the calculation.

Placement Stability

I.D.9. At least the following percentages of children in BMCW custody within the period shall have had three or fewer placements during the previous 36 calendar months of their current episode in BMCW custody. The number of placements will exclude time-limited respite care placements and returns to the same caregiver after an intervening placement during the same out of home care episode. Those children in BMCW custody through the Wraparound Milwaukee program shall be excluded from this calculation. Initial assessment center placements also will be excluded from the calculation.

BMCW did not meet the performance standard for the first six-month period of 2013.

A. 2013 YTD placement stability performance is 87 percent whereas the standard is 90 percent.

Although below the standard of 90 percent, performance during the first six-month period of CY 2013 (87 percent) reached the highest level of any six-month period since the start of the Settlement Agreement. The data in Table 1.1 show historical performance since 2003.

B. 2013 YTD performance for the partner agencies was 86 percent and 88 percent and BMCW Initial Assessment was 99 percent.

The data in Table 1.2 show the monthly and semi-annual performance by each agency for 2013.

- CSSW (Children’s Services Society of Wisconsin) achieved a semi-annual performance rate of 86 percent.
- IFS (Integrated Family Services) achieved a semi-annual performance rate of 88 percent.
- BMCW Initial Assessment achieved a semi-annual performance rate of 99 percent.
